

Dr. Srinivasan received his MSc and PhD degrees in Biochemistry from Banaras Hindu University, India. He had his post-doctoral training at University of Washington, Seattle and The Scripps Research Institute, La Jolla, USA. After successfully competing in the Agricultural Research Service examination of 1977, Dr. Srinivasan joined the ICAR- Indian Agricultural Research Institute as a Scientist in 1977. Since then, he has held several positions including Professor of

Molecular Biology and Biotechnology and Project Director of ICAR- National Institute for Plant Biotechnology (NIPB), New Delhi (formerly known- ICAR-NRCPB). After superannuation in 2015, he served at ICAR-NIPB as an Emeritus Scientist. Dr. Srinivasan has more than 40 years of research and teaching experience. His research encompasses a unique combination of plant biochemistry, enzymology, molecular biology, transgenic and genomics. Dr. Srinivasan has guided 22 PhD and 06 MSc. students. He has published more than 90 papers in peer reviewed journals

For his outstanding research contributions Dr. Srinivasan is recipient of several awards and recognitions like: BHU Gold medal; G.V. Joshi Memorial Lecture Award; FAO fellow in the field of Plant Biotechnology at Scripps Research Institute at California, U.S.A; DBT overseas Associate at the Univ. Washington USA, Seattle, USA; UGC Visiting Fellow in the Department of Biochemistry at Manipur University; Member of several committees of ICAR.
